**Pricing Notes:**

1. Pricing data for the above tables shall be derived from the Contractor's **Excel Pricing Model (EPM), Tab B.**
2. The **Additive Band Price** values entered in the tables above are derived by summing the **Monthly Band Price** from **EPM Tab B**, starting with the month the option is exercised through the end of the contract period. (e.g. If Option A was exercised in month 5 of Contract Year 1, the price in this cell would be for a total FFP of 20 months. If exercised in month 6 of Contract Year 2, the price entered in the cell would be for a total FFP of 7 months.)
